## Relief from Summer Headaches

Thousands of people suffer from headaches in the summer who are comparatively free from this distressing annoyance in the winter time. The reason for this is that weak or defective eyes cannot stand the glare of the sun.

Thousands of such cases of summer headaches may be relieved by proper glasses. The glasses which I prescribe are furnished you only after a careful individual examination of your particular eye defect. My system of eye examination is the perfected result of over 17 years of specialized practice and research.
